

## Additional Capacity on Route 13

effective from Monday 12<sup>th</sup> April 2021

From Monday 12<sup>th</sup> April 2021, Vectare in partnership with Essex County Council will be operating a second vehicle on the following journeys, on schooldays only, to relieve capacity concerns:

- S13 @ 07:30 from Waltham Cross to Epping, St Margaret's Hospital
- S13 @ 14:55 from Epping, St Margaret's Hospital

With two vehicles in use, one will become a 'closed' service reserved for use by School-Children only and will continue to be numbered S13. The second vehicle will be numbered 13 and will be available to general members of the public but should not be used by School-Children.

Both buses will continue to serve the Shernbroke Road area of Waltham Abbey. To regulate service in Epping, the bus open to the general public may wait at Epping Tesco for up to 8 minutes before continuing.
